

A20-hCD22

Strain Information

- Cell Line A20-*Cd22*^{em1(hCD22)Smoc}
- Strain State Construction

Model CD22 gene humanized A20 B cell line

Description *Literature published using this strain should indicate: A20-hCD22 cell line (Cat. NO. NMC-230006) was purchased from Shanghai Model Organisms Center, Inc..

Validation Data

No data
