

## **U-87 MG**

## **Strain Information**

Cat. NO.	NM-N01
Cell Line	
Strain State	Validation of tumorigenic capacity completed
Model Description	U-87 MG is a cell line with epithelial morphology that was isolated from malignant gliomas from a male patient, likely with Glioblastoma.
	*Literature published using this strain should indicate: U-87 MG cell line (Cat. NO. NM-N01) was purchased from Shanghai Model Organisms Center, Inc

## Validation Data

Fig1. Morphology of U-87 MG cell line.

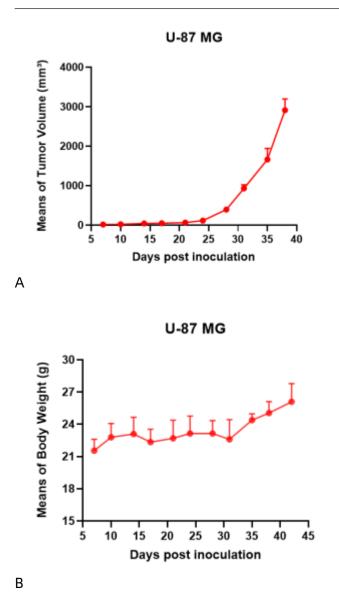

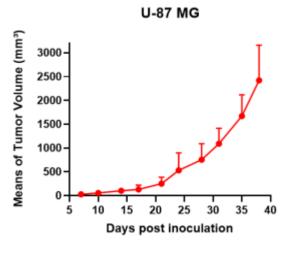

Fig2. Analysis of Tumorigenesis in M-NSG mice (n=2) . a Tumor volume was measured by time. b Body weight was simultaneously checked.
