

CT26-hGDF15

Strain Information

Cat. NO.	NMC-230012
Cell Line	CT26- <i>Gdf15</i> ^{em1(hGDF15)Smoc}
Strain State	Construction
Model	GDF15 gene humanized CT26 cell line
Description	*Literature published using this strain should indicate: CT26-hGDF15 cell line (Cat. NO. NMC-230012) was purchased from Shanghai Model Organisms Center, Inc..

Validation Data

No data
