

## NIH/3T3-hFAP

## **Strain Information**

Cat. NO. NM-S08-TM01

Cell Line NIH/3T3-Fap<sup>em(hFAP)Smoo</sup>

Strain State Construction

Model The endogenous mouse Fap gene was replaced by human FAP gene.

Description \*Literature published using this strain should indicate: NIH/3T3-hFAP cell line

(Cat. NO. NM-S08-TM01) was purchased from Shanghai Model Organisms

Center, Inc..

## **Validation Data**

No data
